# The lowest-priced QUALITY tire

These big, sturdy tires, extra built to meet the exacting demands of modern driving conditions, are the kind of tires we like to sell.

First, because their low price brings buyers into our store.

Second, because these buyers get so much more tire than they expected that

tires make permanent customers for us. Come in and take a look at them. Note their generous size, and the wide, deep tread of tough, springy rubber—and take our word for it, there's even more quality where you can't see it but where it's even more important. All Kelly Tires are guaranteed for life.

### "Wee Bit o' Scotch" Enjoyed by Kiwanis

Just as members of the Kiwanis club were waxing mellow and lush under the interesting burr-r of Scotch dialect as directed at them by Prof. Robert MacGregor Friday noon, Rev. R. A. Young, who was host to the professor, broke the spell and introduced—

But that would be spoiling a good time for more Torrance folk who will hear the entrancing professor who is scheduled to appear here again in the near future.

It is sufficient to say that Prof. MacGregor, with his Scottish r's, his fund of humorous stories and his bits of gossip about American life and men, provided one of the most interesting talks ever heard by the Kiwanians and their guests.
